InGlazia® blinds, where size matters

Expand the time you can spend on your glazed balcony or in your conservatory and make them an extra room to your house!

With inGlazia® blinds you can easily regulate the light and your privacy.

Minimal space

The inGlazia® system is perfect for movable doors or windows due to its minimal need of installation space.

inGlazia® 15mm Window and Balcony

InGlazia® 15mm Pleated blind

Move the blind effortlessly by pushing the main profile or by using handles or a control wand from the top down or bottom up.

You can fix the inGlazia blinds to door or window frames by using the frame clip bracket.

InGlazia® Pleated blinds allow your doors to slide smoothly!

inGlazia 15mm Roof
